SUKESH SURASE

STUDENT

PROFILE

Dedicated and creative Bachelor of Information Technology student at HELP University with hands-on experience in web design, UI/UX, and digital design. Skilled in front-end development (personal website projects), app prototyping with Figma, and graphic design (posters, branding, etc.) using Canva. Proven ability in event management, public speaking, and project coordination, with a strong track record of fostering community engagement. Combines technical expertise with leadership, problem-solving, and teamwork to deliver impactful results. Passionate about continuous learning and innovation in both technical and creative domains.

EXPERIENCE

HELP UNIVERSITY

2023-current

- Led an event on adopting and neutering strays, raising public awareness and achieving significant audience engagement.
- Hosted HELP's August 2024, January 2025, and May 2025 student intake ceremony, representing all departments and showcasing public speaking and event coordination skills.
- Hosted Deepavali Night, engaging HELP staff and students while showcasing communication and interpersonal skills.

Event Management (Information Technology Student Council)
